*Dear Ms. Zamecnikova,*

We are delighted to inform you that the Committee on Admissions of the European Academy of Diplomacy has selected you to participate in the **2020/2021 Edition of the Academy of Young Diplomats**. Please accept our congratulations on this outstanding achievement.

The admission to the Academy of Young Diplomats is very competitive, and after reviewing your application, we are convinced that with your background and accomplishments, you will be able to make an important contribution to the development of the EAD community.

During your time in the Program - which begins in December 2020 - you will have an opportunity to interact with leaders coming from over 40 countries, to speak to numerous prominent political and diplomatic figures, as well as to expand your knowledge and understanding of international relations through participating in over 140 hours of engaging and informative expert panels, hands-on workshops and study visits to international institutions accredited in Poland. The two special highlights of the 2020/2021 program will be: a workshop session in Cracow and the participation in world-renowned Warsaw Security Forum 2021.

Upon graduation, you will be invited to the EAD Alumni Club - a gathering of more than 9500 international participants, many of whom went to work for their national governments, European institutions, international organization, and business.

We wish you an inspiring and rewarding academic year 2020/2021 at the European Academy of Diplomacy, hoping that it will bring many new friendships and will become an important step in your future international career.

We look forward to seeing you at the Opening Session in December.
